Description of table.

1. INTRODUCTION

This is the introduction.

2. DATA

This is a section on Data. Here is an example of using the definitions above: a typical neutron star has a mass between ~ 1.4 and $3.2 M_{\odot}$.

2.1. Subsection 1

This is a sub-section. Here is an equation:

$$E = mc^2 \quad (1)$$

Here is an example of math-mode in the main text: $a^2 + b^2 = c^2$. Here is a reference, to Fig. 1. The data section is section 2.
